

Resources

Here is a selection of organizations, printed materials, and internet resources that can provide useful information about environmental health. We have listed organizations and materials that cover as many of the topics in this book as possible, and that work in many parts of the world.

Resources are listed according to the topics in the book. Within each topic, there are organizations, printed materials, and internet resources.

Organizations work directly on environmental health issues, and can offer training, materials, and other kinds of support.

Printed materials such as books may be helpful to individuals and community groups working to improve environmental health. Often, printed materials include suggestions of other resources.

Internet resources contain information about many areas of environmental health. They also have links to other resources.

Within each heading, resources are listed in the order of the alphabet:
