All Hesperian staff and board are involved in the development of our materials. Special recognition is due to:
Kokaale Amissah-Aidoo, John Bergez, Meagan Dimitz, Edith Friedman, Anna Giske, Rachel Grinstein, Bill Lankford, Miriam Lara-Meija, Jane Maxwell, Linda Spangler, Kathleen Tandy, Felix Thomson, Kathleen Vickery, Ellen Vor der Brugge, Susan Weissert, Paula Worby, and Robin Young
Thanks

These valued advisers provided essential early guidance or ongoing support:
Elaine Abrams at ICAP; Christo Greyling and Stuart Kean at World Vision; Noreen Huni at REPSSI, whose certificate program for community home-based care providers inspired us immensely; Ronnie Lovich, at Save the Children; Pascal Mailu and Natasha Martin of G.R.A.C.E. in Kenya; Wairimu Mungai of WEMIHS in Kenya; Christian Pitter, at EGPAF; Feliciano dos Santos at Estamos in Mozambique; and Zanele Sibanda, at Firelight Foundation.

Special recognition goes to: Jonathan Mermin (in the US and Uganda) and Reuben Granich for early support of our efforts to understand the impact of HIV on children and families, and to Deborah Bickel who drafted material — including the story of Gideon and his sisters in Chapter 2 — for an earlier, unpublished project.

Advisers and reviewers
Our materials depend greatly on the thoughtful contributions of dozens of individuals, who provide help of all kinds. We cannot thank them enough.

Community groups
The following community groups gave generously of their time and knowledge, organizing individual feedback and group discussions of draft material, and sharing years of deep and varied experience. Their incredibly helpful criticism, suggestions, and perspective greatly informed our work.

African Network for Care of Children Affected by HIV/AIDS—ANECCA
African Palliative Care Association—APCA
Catholic Relief Services
ChildFund, Kenya
Elizabeth Glaser Pediatric AIDS Foundation
Estamos, Mozambique
Fishers Union, Tanzania
Forum for the Development of Youth with Disability—FDYD, Malawi
Global Strategies for HIV Prevention
ICAP at Columbia University
Isibindi, South Africa
Kabangwe Creative Initiative, Zambia
Life Concern, Malawi
Little Elephant Training Centre for Early Education—Letcee, South Africa
mothers2mothers, South Africa
Mulumbo, Zambia
Pediatric Adolescent Treatment Africa—PATA, South Africa
PATH, formerly Program for Appropriate Technology in Health
Plan, Uganda
Progressive Care Coalition, Kenya
Regional Psychosocial Support Initiative—REPSSI, South Africa
Save the Children
Solidarity and Action Against the HIV Epidemic in India—SAATHII, India
Sonke Gender Justice, South Africa
Tanzania Home Economics Association—TAHEA
Thandanani, South Africa
WEM Integrated Health Services—WEMIHS, Kenya
World Vision

Funders

We are deeply grateful for the funding provided by the following donors, whose commitment to children and families affected by HIV made this book possible:

AIDS-Free World, Branson Family Foundation, Conrad N. Hilton Foundation, Firelight Foundation, Flora Family Foundation, Gilead Sciences, Inc., Global Fund for Children, John M. Lloyd Foundation, Kind World Foundation, MAC AIDS Fund, May and Stanley Smith Charitable Trust, Moriah Fund, New Field Foundation, Newman’s Own Foundation, UMCOR - United Methodist Committee on Relief, United Methodist Church – Women’s Division, Vitol Foundation, and Wyomissing Foundation. General support, which allows for updating, distribution, translation, digital development, and carries us over gaps in project funding, was provided by Cogan Family Foundation, Lakeshore Foundation, Partnership Foundation, Sprocket Foundation, West Foundation, and a gift from the Betsy Moore Fleet Estate.
Acknowledgements

We acknowledge and thank the following for:

Lefa’s story (pg 1), adapted from 28 Stories of AIDS in Africa, Stephanie Nolen, Walker & Company (2008); children’s rights material (pg 15), adapted from Building Resiliency Among Children Affected by HIV/AIDS, Silke Mallmann, Maskew Miller Longman and Catholic AIDS Action (2002-2003), and the poster there from South African History Archive; memory box (pg 77), adapted from Jonathan Morgan’s work and REPSSI (Regional Psychosocial Support Initiative), see Memory Work Manual from REPSSI, available here: www.k4health.org/sites/default/files/M_ Box_Manual.pdf; Dante’s story (pg 95), adapted from Hospice Care for Children, 3rd ed., Ann Armstrong-Dailey and Sarah Zarbock, eds., Oxford University Press (2008); the ART tracking chart (pg 193), adapted from My Living Positively Handbook, Children’s Rights Centre, see: www.k4health.org/sites/default/files/My_living_positively_handbook.pdf; spoken text (bottom of pg 206), adapted from A nurse’s story - Sr Mbatha, in ARVs in Our Lives, from TAC (Treatment Action Campaign).

For permission to reprint illustrations we thank:

Clive Evian, for the series on pg 8, from Primary HIV/AIDS Care, A practical guide for primary health care personnel in a clinical and supportive setting, Jacana Media (2006); WHO and UNICEF, for the girl playing on pg 23, from Care for Child Development (2012); HOSPAZ (Hospice and Palliative Care Assoc. of Zimbabwe), for the picture of the grieving mother on pg 98, and the picture on pg 256; and TAC (Treatment Action Campaign), for the nurse and couple on pg 125 and the helper and new mother on pg 148.
CONTENTS

Chapter 1: HIV is no longer a death sentence........................................... 1  
Children have the right to care............. 2  
Understanding HIV............................... 4  
Medicines for HIV................................................. 9
Everyone deserves access to ART............. 10

Chapter 2: Children need help to live with HIV....................................... 13
Who defends the rights of children?... 15
Why stigma against people with HIV is so dangerous............................. 16
Care for children, families, and caregivers............................................. 17

Chapter 3: How young children develop.................................................. 21
Young children need help to grow and develop........................................ 22
HIV affects a child’s development and abilities.......................................... 24
Growth and development at different ages.............................................. 27
Working together to promote child development...................................... 36

Chapter 4: Communicating with children............................................... 37
How we communicate........................ 38
Communicating with children as they grow............................................. 40
Communication improves behavior problems........................................... 52

Chapter 5: Talking with children about HIV........................................... 59
Why knowing is good for a child........ 59
Telling a child he has HIV............................................. 65

Chapter 6: Helping children through death and grief........................... 73
Helping children when caregivers are very ill........................................... 74
Helping children after a caregiver dies................................................... 82
How to support a dying child............................................. 95
Community support for grieving families.............................................. 100
