Index

The index lists topics covered in this book in the order of the alphabet:

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

Medicines included in the Green Pages are in the List of Medicines, page 487.

A

AA (Alcoholics Anonymous), 440
Abdomen pain, 352–357
  after abortion, 255–257, 355
  after childbirth, 355
  after passing urine, 367
  with bleeding from vagina, 354, 355, 359
  brief, during middle of monthly cycle, 356
  during monthly bleeding, 50, 354
  during pregnancy, 73, 355
  during sex, 189, 272, 356
  examining the abdomen, 534
  with fever, 355
  fibroids, 129, 231, 354, 380
  hunger and, 357
  with IUD, 217, 354, 356
  kinds of pain, 354–356
  miscarriage, 98, 234–235, 354, 355
  monthly bleeding late, 354
  overview, 352, 353
  pelvic inflammatory disease (PID), 274–275
  questions about, 357
  severe, 354, 355, 357
  STIs, 263, 267, 355
  sudden and severe, 354
  tubal pregnancy, 73, 249, 354, 355
  with urine system problems, 355
  when moving, walking, or lifting, 356
  without other signs, 356
  womb infection, 97
Abortion, 38, 238–259
  bleeding from vagina after, 251–253, 363, 483
  complications, 251–258
  danger signs after, 249
  dangers of, 64
  death from, 241
  deciding about, 243
  emergency methods of family planning, 226
  emotional support after, 258
  fainting after, 258
  family planning after, 250
  illegal, 242
  incomplete, 251
  infection from, 255–257
  internal injury, 257
  preventing unsafe abortion, 259
  rape and, 336
  reasons for, 239–240
  refugees and displaced women, 452
  safe methods, 241, 242, 244–245
  shock after, 254
  tetanus infection after, 257
  unsafe, 3, 241, 246–247, 259
  what to expect after, 249
  what to expect during, 248
Abscesses
  in breasts during breastfeeding, 382
  in persons with HIV, 307
Abuse
  (See Rape; Violence against women)
Access to health care, 1, 2, 35
Acetaminophen, 490
Activated charcoal, 495
Active listening exercise, 426
Activities, ideas for
  about division of work, 411
  analyzing root causes, 26, 27
  avoiding work-related health problems, 404–406, 410–411
  building a chain of causes that contribute to poor health, 10
  building stoves that make less smoke, 395–397
  carrying out a plan, 28
  expressing feelings, 422, 427–428
  gender roles and sexual health, 184–185, 194–195
  girls to plan a better future, 57–58
  improve nutrition, 176–179
  improving health services, 40–41
  making a safety plan, 322
  men about violence against women, 325
  negotiating condom use, 193, 280
  preventing HIV, 195, 310
  promoting family planning, 227
  reducing maternal deaths, 103
  sex workers, 348–351
  support groups, 424–426
  teaching self-defense, 332, 146
  violence against women, 315
  women with disabilities, 147
  young people to avoid drug and alcohol abuse, 445
Acupressure massage, 546–547
Acyclovir, 490
  for shingles, 301
  for cold sores or fever blisters, 305
Addiction (See Alcohol; Drugs; Tobacco)
Adolescents (See Girls)
Adopting a child, 236
Adrenaline, 490
AIDS (See HIV and AIDS)
Alcohol, 434–445
  addiction, 437, 441
  dependence, 437
  during breastfeeding, 109, 438
  fertility and, 232
  health problems, 163, 438–439
  hepatitis B and, 277
  HIV and, 291
  living with person misusing, 444
  menopause and, 125
  mental health and, 418
  misuse of, 436–437
  overview, 435
  pregnancy and, 68, 438
  preventing misuse, 445
  quitting, 440–441
  reasons for misuse, 437
  reasons to begin using, 436
  sex and, 62
  staying free of, 442
  violence and, 315, 318
  withdrawal, 441
  women and, 439
Alcoholics Anonymous, 440
Allergic reactions
to cotrimoxazole, 296, 300
  from injections, 545
  to medicines, 477
  medicines for, 483
  in persons with HIV, 296, 300
Aminoglycosides, 481
Amoxicillin, 490
  for chlamydia, gonorrhea, trichomonas, bacterial vaginosis, 268
  for PID, 275
  overview, 480
Ampicillin, 491
for fever during birth, 86
for infection after abortion, 256
for womb infection, 97
overview, 480

Anal sex, 185, 187, 189

Anemia (See Weak blood)

Angry cat exercise, 71

Antibiotics, 480–481
families of, 480–481
importance of, 480
the pill and, 210
for STIs, 264, 347
using only when necessary, 481
for wounds and sores, 307
(Also see Medicines)

Antibodies, HIV, 288

Antihistamines
for allergic shock, 545

Antiretrovirals (See ART)

Anus, 44

Anxiety, 420
in older women, 135
(Also see Feelings)

Appetite (See Hunger)

Areola, 45

Armpit, taking the temperature, 530

Arms, weakness in, 210

ART, antiretroviral therapy, 291–292, 336, 517–520
drug resistance and, 291, 518
for preventing mother-to-child transmission, 292–293, 520
for rape, 521
regimens, 519
side effects, 518–519
specific medicines, 519–520

Arthritis, 133, 174

Aspirin, 492
for abortion, 471
for burns (pain), 538,
cautions about dosage, 133
for joint and muscle pain, 133
overview, 482

Assault (See Rape; Violence against women)

Azithromycin, 492
overview, 480
for STIs, 268, 271, 347

AZT, 292, 519–520

Babies
burping, 107

care at birth, 83
care just after birth, 95
child-spacing, 110, 160
danger signs at birth, 94, 95
death of, 99
DES caution, 471
early, 94, 118
first foods for, 107, 110
herpes and, 272
HIV and, 292–293, 520
holding during breastfeeding, 108
infertility, 228–237
losing (miscarriage), 98, 234–235
not breathing at birth, 94
open (cleft) lip or palate, 118
prevent HIV transmission of, 520
sex of, 46
sick, breastfeeding, 119
small, 94, 118
STIs and problems in, 276
syphilis and, 270
TB in mother, 390
tetanus in newborn, 95
waiting to have, 58
in wrong position, 72, 75, 85, 90
yellow (jaundice), 118
(Also see Breastfeeding; Childbirth; Children; Family planning; Pregnancy)

Bacille Calmette-Guerin (BCG) vaccine, 390, 391

Back pain
from work with crafts, 406
during pregnancy, 71
exercises to prevent, 71, 400
kidney infection and, 367
lifting and carrying heavy loads, 398–400
in older women, 132
(Also see Urine system problems)

Bacterial vaginosis, 266, 268

Balls (See Testicles)

Bandages, disinfecting, 529

Barrier methods of family planning
after abortion, 250
choosing a method, 200, 224
condoms, 60, 61, 128, 145, 189–190, 192–193, 202–203, 279, 280
diaphragms, 145, 205, 279
effectiveness of, 201
female condoms, 190, 193, 204, 279
overview, 200, 202
(Also see Condoms; Diaphragms; Female condoms)

Bartholin gland infection, 276

Battered women (See Violence against women)

BCA (See Bichloroacetic acid)

BCG (See Bacille Calmette-Guerin vaccine)

Beatings (See Violence against women)

Belly pain (See Abdomen pain)

Bending safely, 399

Benzathine penicillin, 493
for genital sores, 270
overview, 480

Benzylpenicillin, 493
overview, 480
for tetanus in newborns, 95

Beriberi, 173

Betel, 438

Bichloroacetic acid (BCA), for genital warts, 269

Bilharzia, 369

Biopsy, 378–379, 383

Birth canal (See Vagina)

Birth control (See Family planning)

Birth (See Childbirth)

Bladder control problems, 372–373

Bladder infection, 366–368
(Also see Urine system problems)

Bladder (man’s), 46

Bladder stones, 369

Blame
abuse and, 317, 318
for rape, 327

Bleach, disinfecting solution, 527

Bleeding
blood in sputum, 389
blood in urine, 369
HIV contagion and, 285

Bleeding from vagina
after abortion, 251, 363, 483
after childbirth, 84, 92–93, 97, 362, 483, 547
after female genital cutting, 461
after menopause, 129, 363, 381
after miscarriage, 98, 235, 363
after sex, 363
before baby is born, 85, 362
danger signs, 359
during pregnancy, 73, 74, 362
during sex, 274
Index

Caffeine
fertility and, 232
menopause and, 124
PMS and, 51

Calamine lotion, 301
Calciun, 168
Cancer, 374–385
alcohol and, 438
breast, 129, 207, 382–383
causes, 376
of cervix, 21, 377–379, 471
DES causing, 471
drugs and, 438
fibroids and, 129
hormonal methods of family planning and, 207
incurable, 385
Kaposi’s sarcoma, 301
liver, 384
lung, 384
mouth and throat, 384
ovaries, 383
overview, 375–376
overweight and, 174
in sex workers, 344
signs, 376
stomach, 384
treatment early, 376
ovaries, 383
of womb, 381
vaccine for cervical cancer, 379
working for change, 385

Candida, 265–266, 300
(Also see Yeast infections)
Capsules, 474
(Also see Medicines)
Caretaking
babies at birth, 83
babies just after birth, 95
elder care, 136–137
mothers after childbirth, 95, 96
persons with AIDS, 294, 309
self care during monthly bleeding, 55
(Also see Health care skills)
Carrying loads safely, 399
Cash crops, 179
Catheter, 372–373
Cavities, 154
CD4 count, for people with HIV, 517
Ceftriaxone, 494
for chancroid, 271
for chlamydia or gonorrhea, 268
for infection after abortion, 256
for kidney infection, 368
for trichomomas, 268
overview, 481
for PID, 275
Cephalosporins, 481

Cervix
- cancer, 377–379, 471
- growths, 377
- inflammation, 377
- opening during labor, 79, 81
- overview, 45
- pelvic exam, 159, 535–538
- removal of, 379
- visible at vaginal opening, 161

Cervix opens, 81

Childbirth, 80–94
- abortion, 238–259
- acupressure massage for, 547
- baby early or small, 94
- baby in wrong position, 72, 75, 85, 90–91
- baby not breathing, 94
- bleeding after, 84, 92–93, 97, 362, 483, 547
- bleeding before, 85
- breech birth, 90–91
- caring for baby after, 95
- caring for baby at birth, 83
- caring for mother after, 95, 96
- cervix opens, 81
- checking baby’s position, 77, 81
- cord around baby’s neck, 89
- cord comes out before baby, 88
- cutting the cord, 83
- danger signs after, 97
- danger signs during labor, 85–87
- danger signs for baby, 94, 95
- daughters unwanted, 7
- death of baby, 99
- death of mother, 101–103
- difficult births, 88–93
- eclampsia, 72, 74, 87
- fathers, advice for, 100
- female genital cutting problems, 464
- fever during, 86
- further information, 66
- head, 82
- health care for mother, 160–161
- at health center or hospital, 72
- health risks, 3
- helping, 79, 81–84
- HIV and, 285, 292–293, 520
- long labor, 86
- medicines for hurrying birth, 471
- by operation, 38
- placenta, 84, 92–93
- positions comfortable for, 81
- premature birth, 72, 75, 94
- preparing for, 78–79
- preventing mother-to-child transmission of HIV during, 520
- pushing the baby out, 82
- refugees and displaced women, 452
- separating partners after, 222
- of shoulders, 82, 88
- signs that labor is near, 80
- stages of labor, 80–84
- supplies needed, 78
- twins, 72, 89
- water breaking, 81, 85, 86
- when breastfeeding another child, 120
- when young, 59, 72
- women with disabilities and, 72, 145
- working for change, 101–103

(Also see Abortion; Family planning; Pregnancy)

Child care cooperatives, 158

Children
- abuse and, 317
- calcium needs, 168
- child care cooperatives, 158
- child-spacing, 110, 160
- drug and alcohol use, 438
- feeding before self, 171
- infertility, living with, 236–237
- number of, 179
- preventing drug and alcohol misuse in, 445
- sexual abuse of, 329, 331
- violence against women and, 315, 317, 320
- waiting to have, 58
- women’s health issues and, 12

(Also see Babies; Childbirth; Family planning)

Child-spacing, 110, 160

Chills
- after abortion, 256
- with IUD, 217
- kidney infection and, 367
- womb infection and, 97

Chinese acupressure massage, 546–547

Chlamydia
- how spread, 189
- in babies, 274
- preventing, 189–190
- signs, 267
- treatment, 25, 268

Chlorine bleach, disinfecting solution, 527

Chloroquine, abortion from, 241

Cholera, killing germs, 155

Chores (See Work; Working mothers)

CHWs (See Health workers)

Cigarettes (See Tobacco)

Ciprofloxacin, 496
- for chancroid, 271
- for diarrhea in persons with HIV, 299
- for kidney infection, 368
- overview, 481

Circumcised women (See Female genital cutting)

Cleanliness, 150–157
- abortion and, 246
- bladder infection and, 366
- care of baby at birth, 83
- community (sanitation), 151–152
- diarrhea and, 299
- disinfecting equipment and tools, 526–529
- during monthly bleeding, 55
- during pregnancy, 68
- food safety, 156–157
- germs, spread of, 150–151
- helping at birth, 79
- HIV prevention at home, 295
- home, 153–157
- kidney infection and, 366
- for new mother, 96
- personal, 154
- preventing infection, 525–529
- tooth care, 154
- washer-woman’s hands, 409
- washing your hands, 526
- of water, 151, 155, 401
- when removing breast milk, 112
- for women with disabilities, 142

Cleft lip or palate, in baby, 118

Clindamycin, 496
- for bacterial vaginosis, 266
- for infection after abortion, 256

Clitoris, 44

(Also see Female genital cutting)

Cloth dressings, disinfecting, 529

Clothing, menopause and, 124

Cloth dressings, disinfecting

Comfort, 140

Colchicine, 204

Cold, 217

Cold sores, 274

Cold water, 155

Coghlan’s, 275

Cocaine (See Drugs)

Cocaine, 292

Codeine, 497
- for burns (pain), 539
- for cough, 303
- overview, 482
- for persons with AIDS, 308

Coffee (See Caffeine)

Coitus interruptus, 222
Cold sores, 305
Colostrum, 107
Colposcopy, 378
Communication
  about family planning, 199
  about rape, 337, 339
  about safer sex, 192–193
  about violence against women, 323
  gender messages in the media, 195
  with parents, 65
Community
  changes and mental health, 417
  cleanliness (sanitation), 151–152
  creating picture of, 428
  health projects, 16
  low status of women, 7–8, 11
  medicine kit, 484
  men's responsibilities, 14
  mental health of, 433
  preventing HIV, 310
  preventing rape, 338–339
  safer sex in, 280–281
  services for older women, 137
  sex workers and, 346, 348
  solving health problems, 28–29
  values learned from, 56, 139, 182–183
  violence against women and, 320, 324
  women's health issues, 13–16
(Also see Gender roles; Support groups; Working for change)
Community Guide to Environmental Health, A, 152, 179
Community health workers (See Health workers)
Condoms, 202–203
  after abortion, 250
  arguments for using, 189–193
  disposing of, 203
  effectiveness of, 201
  female condoms, 190, 193, 201, 204, 279, 346
  importance of using, 60, 61, 128, 189–193, 279
  lubricants for, 203
  oils and, 128
  overview, 202–203
  practice putting on, 280
  sex workers and, 346, 348
  STI prevention, 279
  torn or slipped off, 202
  using, 190, 193, 202–203
  women with disabilities and, 145
  working for safer sex, 280–281
(Also see Female condoms)
Cone biopsy, 379
Constipation
  during pregnancy, 70
  older women's problems passing stools, 130
  removing stool, 372
Contagion
  cancer, 376
  HIV, 284, 285
  infectious diseases, 21
  spread of germs, 150–151
  tuberculosis (TB), 387, 388
(Also see STIs)
Contour ditches, 177
Contraception (See Family planning)
Contraceptive foam (See Spermicides)
Contractions
  birth process, 80
  labor too long, 85
  stage one of labor, 81
(Also see Childbirth)
Contractures, 143
Cooking
  fire safety, 394
  food safety, 156–157
  haybox cooker, 397
  rocket stove, 396–397
  smoke and health problems, 394–397
(Also see Cleanliness; Diet)
Cooler for food, 157
Coopertives, food, 177
Coping skills, 422–423
Copper-T (See IUDs)
Cord
  around baby's neck, 89
  care of baby after birth, 95
  comes out before baby, 88
  cutting baby's at birth, 83
  of placenta, 84
Cortrimoxazole, 497
  allergic reaction to, 296, 300
  for bladder infection, 368
  for diarrhea in persons with HIV, 299
  for discharge, 24
  for kidney infection, 368
  for persons with HIV, 296, 304
  for pneumonia, 304
Coughing
  from chemicals, 402
  by persons with HIV, 303–304
  tuberculosis (TB) and, 388, 389
Cough syrup, 303
Counseling, for HIV-positive people, 289
Counting days method of family planning, 219, 221
  after abortion, 250
Crafts, health problems, 406
  cramps
    acupressure massage for, 546–547
    after abortion, 249, 255, 258
    in legs during pregnancy, 71
    in monthly cycle, 50
Cream, contraceptive (See Spermicides)
Creams
(Also see Medicines)
Creative exercises for support groups, 428
Crops
  cash crops, 179
  improving nutrition, 176–179
Cryotherapy, 379
Cupboard cooler, 157
Cutting baby's cord at birth, 83
Cysts
  Nabothian, 377
  ovaries, 383
  (Also see Growths)

For more information, please visit www.hesperian.org
Danger signs (continued)
pneumonia, 304
polyps, 380
respiration (breathing rate), 531
shock, 254, 461, 545
spoiled foods, 156
syrphils, 270
tetanus, 461
trauma reactions, 420–421
of tuberculosis (TB), 389
unsafe abortion, 241, 246–247
violence against women, 318, 325
withdrawal from alcohol or other drugs, 441
(Also see Health risks; Solving health problems; specific signs)

Date rape, 62, 328
avoiding, 330–331

Death
accepting, 137
from AIDS, 309
from alcohol and other drugs, 438
of baby, 99
from cancer, 385
from cancer of the cervix, 379
during pregnancy or childbirth, 101–103
mental health and, 417
Mira’s story, 9–11
pressure sores and, 142
from syphils, 270
from tuberculosis (TB), 387
from unsafe abortion, 3, 241
(Also see Violence against women)

Debt, poor countries and, 8

Decayed teeth, 154

Dehydration
from burns, 539
rectal fluids, giving, 541
rehydration drink, 540
shock, treating with fluids, 540–541
signs, 298
(Also see Water)

Dementia (mental confusion)
in older women, 135
in persons with AIDS, 308

Dengue fever, spread of, 151

Dependence (See Alcohol; Drugs; Tobacco)

Depo Provera, 214, 215

Depression
in older women, 135
in people with HIV, 296
signs, 419
suicide, 419, 431
(Also see Feelings)

DES (diethylstilbestrol), cancer risks from, 471

Desire
lack of, 188
in women for sex, 185

Dexamethosone, 498
for allergic reactions, 483, 545

Diabetes, 174–175
overweight and, 174
the pill and, 209
pregnancy risks, 72
signs, 174
treatment, 175
Type I diabetes, 174
Type 2 diabetes, 174–175

Diagnosis (See Danger signs; Exams and tests; Solving health problems; specific signs)

Diaphragms
after abortion, 250
effectiveness of, 201
overview, 205
for sex workers, 346
spermicides, 206
using, 205
women with disabilities and, 145

Diarrhea
in babies, 119
