Index

The index lists topics covered in this book in the order of the alphabet:

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

Medicines included in the Green Pages are in the List of Medicines, page 487.

A

AA (Alcoholics Anonymous), 440
Abdomen pain, 352–357
- after abortion, 255–257, 355
- after childbirth, 355
- after passing urine, 367
- with bleeding from vagina, 354, 355, 359
- brief, during middle of monthly cycle, 356
- during monthly bleeding, 50, 354
- during pregnancy, 73, 355
- during sex, 189, 272, 356
- examining the abdomen, 534
- with fever, 355
- fibroids, 129, 231, 354, 380
- hunger and, 357
- with IUD, 217, 354, 356
- kinds of pain, 354–356
- miscarriage, 98, 234–235, 354, 355
- monthly bleeding late, 354
- overview, 352, 353
- pelvic inflammatory disease (PID), 274–275
- questions about, 357
- severe, 354, 355, 357
- STIs, 263, 267, 355
- sudden and severe, 354
- tubal pregnancy, 73, 249, 354, 355
- with urine system problems, 355
- when moving, walking, or lifting, 356
- without other signs, 356
- womb infection, 97

Abortion, 38, 238–259
- bleeding from vagina after, 251–253, 363, 483
- complications, 251–258
- danger signs after, 249
- dangers of, 64
- death from, 241
- deciding about, 243
- emergency methods of family planning, 226
- emotional support after, 258
- fainting after, 258
- family planning after, 250
- illegal, 242
- incomplete, 251
- infection from, 255–257
- internal injury, 257
- preventing unsafe abortion, 259
- rape and, 336
- reasons for, 239–240
- refugees and displaced women, 452
- safe methods, 241, 242, 244–245
- shock after, 254
- tetanus infection after, 257
- unsafe, 3, 241, 246–247, 259
- what to expect after, 249
- what to expect during, 248
Abscesses
- in breasts during breastfeeding, 382
- in persons with HIV, 307

Abuse
- (See Rape; Violence against women)

Access to health care, 1, 2, 35

Acetaminophen, 490

Activated charcoal, 495

Acyclovir, 490
- for shingles, 301
- for cold sores or fever blisters, 305

Addiction (See Alcohol; Drugs; Tobacco)

Adolescents (See Girls)

Adopting a child, 236

Adrenaline, 490

AIDS (See HIV and AIDS)

Alcohol, 434–445
- addiction, 437, 441
- dependence, 437
- during breastfeeding, 109, 438
- fertility and, 232
- health problems, 163, 438–439
- hepatitis B and, 277
- HIV and, 291
- living with person misusing, 444
- menopause and, 125
- mental health and, 418
- misuse of, 436–437
- overview, 435
- pregnancy and, 68, 438
- preventing misuse, 445
- quitting, 440–441
- reasons for misuse, 437
- reasons to begin using, 436
- sex and, 62
- staying free of, 442
- violence and, 315, 318
- withdrawal, 441
- women and, 439

Alcoholics Anonymous, 440

Allergic reactions
- to cotrimoxazole, 296, 300
- from injections, 545
- to medicines, 477
- medicines for, 483
- in persons with HIV, 296, 300

Aminoglycosides, 481

Amoxicillin, 490
- for chlamydia, gonorrhea, trichomonas, bacterial vaginosis, 268
- for PID, 275
- overview, 480

Acupressure massage, 546–547

Acyclovir, 490
- for shingles, 301
- for cold sores or fever blisters, 305

Addiction (See Alcohol; Drugs; Tobacco)

Adolescents (See Girls)

Adopting a child, 236

Adrenaline, 490

AIDS (See HIV and AIDS)

Alcohol, 434–445
- addiction, 437, 441
- dependence, 437
- during breastfeeding, 109, 438
- fertility and, 232
- health problems, 163, 438–439
- hepatitis B and, 277
- HIV and, 291
- living with person misusing, 444
- menopause and, 125
- mental health and, 418
- misuse of, 436–437
- overview, 435
- pregnancy and, 68, 438
- preventing misuse, 445
- quitting, 440–441
- reasons for misuse, 437
- reasons to begin using, 436
- sex and, 62
- staying free of, 442
- violence and, 315, 318
- withdrawal, 441
- women and, 439

Alcoholics Anonymous, 440

Allergic reactions
- to cotrimoxazole, 296, 300
- from injections, 545
- to medicines, 477
- medicines for, 483
- in persons with HIV, 296, 300

Aminoglycosides, 481

Amoxicillin, 490
- for chlamydia, gonorrhea, trichomonas, bacterial vaginosis, 268
- for PID, 275
- overview, 480
Ampicillin, 491
- for fever during birth, 86
- for infection after abortion, 256
- for womb infection, 97
  - overview, 480
Anal sex, 185, 187, 189
Anemia (See Weak blood)
Angry cat exercise, 71
Antibiotics, 480–481
- families of, 480–481
- importance of, 480
- the pill and, 210
- for STIs, 264, 347
- using only when necessary, 481
- for wounds and sores, 307
  - (Also see Medicines)
Antibodies, HIV, 288
Antihistamines
- for allergic shock, 545
Antiretrovirals (See ART)
Anus, 44
Anxiety, 420
- in older women, 135
  - (Also see Feelings)
Appetite (See Hunger)
Areola, 45
Armpit, taking the temperature, 530
Arms, weakness in, 210
ART, antiretroviral therapy, 291–292, 336, 517–520
- drug resistance and, 291, 518
- for preventing mother-to-child transmission, 292–293, 520
- for rape, 521
- regimens, 519
- side effects, 518–519
- specific medicines, 519–520
Arthritis, 133, 174
Aspirin, 492
- for abortion, 471
- for burns (pain), 538
- cautions about dosage, 133
- for joint and muscle pain, 133
  - overview, 482
Assault (See Rape; Violence against women)
Azithromycin, 492
  - overview, 480
- for STIs, 268, 271, 347
AZT, 292, 519–520

**B**

### Babies
- burping, 107
- care at birth, 83
- care just after birth, 95
- checking position, 77, 81
- child-spacing, 110, 160
- danger signs at birth, 94, 95
- death of, 99
- DES caution, 471
- early, 94, 118
- first foods for, 107, 110
- herpes and, 272
- HIV and, 292–293, 520
- holding during breastfeeding, 108
- infertility, 228–237
- losing (miscarriage), 98, 234–235
- not breathing at birth, 94
- open (cleft) lip or palate, 118
- preventing mother-to-child transmission of HIV, 520
- sex of, 46
- sick, breastfeeding, 119
- small, 94, 118
- STIs and problems in, 276
- syphilis and, 270
- TB in mother, 390
- tetanus in newborn, 95
- waiting to have, 58
- in wrong position, 72, 75, 85, 90
- yellow (jaundice), 118
  - (Also see Breastfeeding; Childbirth; Children; Family planning; Pregnancy)

### Bacille Calmette-Guerin (BCG) vaccine, 390, 391

### Back pain
- from work with crafts, 406
- during pregnancy, 71
- exercises to prevent, 71, 400
- kidney infection and, 367
- lifting and carrying heavy loads, 398–400
- in older women, 132

### Bacterial vaginosis, 266, 268

### Balls (See Testicles)

### Bandages, disinfecting, 529

### Barrier methods of family planning
- after abortion, 250
- choosing a method, 200, 224
- condoms, 60, 61, 128, 145, 189–190, 192–193, 202–203, 279, 280
- diaphragms, 145, 205, 279
- effectiveness of, 201
- female condoms, 190, 193, 204, 279
  - overview, 200, 202
  - (Also see Condoms; Diaphragms; Female condoms)

### Bartholin gland infection, 276

### Battered women (See Violence against women)

### BCA (See Bichloroacetic acid)

### BCG (See Bacille Calmette-Guerin vaccine)

### Beatings (See Violence against women)

### Belly pain (See Abdomen pain)

### Bending safely, 399

### Benzathine penicillin, 493
- overview, 480

### Benzylpenicillin, 493
- overview, 480
- for tetanus in newborns, 95

### Beriberi, 173

### Betel, 438

### Bichloroacetic acid (BCA), for genital warts, 269

### Bilharzia, 369

### Biopsy, 378–379, 383

### Birth canal (See Vagina)

### Birth control (See Family planning)

### Birth (See Childbirth)

### Bladder control problems, 372–373

### Bladder infection, 366–368
- (Also see Urine system problems)

### Bladder (man’s), 46

### Bladder stones, 369

### Blame
- abuse and, 317, 318
- for rape, 327

### Bleach, disinfecting solution, 527

### Bleeding
- blood in sputum, 389
- blood in urine, 369
- HIV contagion and, 285

### Bleeding from vagina
- after abortion, 251, 363, 483
- after childbirth, 84, 92–93, 97, 362, 483, 547
- after female genital cutting, 46
- after menopause, 129, 363, 381
- after miscarriage, 98, 235, 363
- after sex, 363
- before baby is born, 85, 362
- danger signs, 359
- during pregnancy, 73, 74, 362
- during sex, 274
fibroids, 380
hormonal method of family planning and, 207
medicines for, 483
pain in abdomen with, 355, 363
problems with monthly bleeding, 360–361
weak blood (anemia) and pregnancy risks, 72, 73
(Also see Monthly bleeding)

Blindness, vitamin A and, 169

Blisters from burns, 538

Blocked duct, 116–117

Blood clot, the pill and, 208

Blood flukes, 369

Blood infection (sepsis), after female genital cutting, 461

Blood pressure, 532–533
(Also see High blood pressure)

Blood transfusions, 39
HIV and, 285

Blood, weak (See Weak blood)

Boiling water to purify, 155

Boils, 307

Bones, weak (osteoporosis), 133, 168

Book for Midwives, A, 66, 244

Bottle-feeding, harm from, 106

Bottom first (breech) baby, 75, 77, 90–91

Boyfriends, 59–61
date rape, 62, 328

Brand name medicines, 473

Breast cancer, 382–383
breast lumps and, 129
hormonal methods of family planning and, 207

Breastfeeding, 104–121
advice for mothers, 109–110, 293
babies with special needs, 118
breast-feeding, harm from, 106
burping the baby, 107
calcium needs, 168
chemicals and, 402
child-spacing and, 110, 160
colostrum, 107
concerns and problems, 114–118
death of baby, 99
diet during, 109, 167–169, 171
as family planning, 96, 201, 218
by friends or relatives, 111
giving other foods, 107, 110
HIV and, 106, 285, 293
how to breastfeed, 107–109
importance of, 105
medicines, caution about, 477
for new babies, 107
nipple concerns, 114–115
by pregnant mother, 119
sick baby, 119
by sick mother, 119
signs baby has enough milk, 114
suckling, easing for baby, 115
suckling, importance of, 106
support for, 121
twins, 118
working for change, 121
for working mothers, 111

Breast milk
breast size and, 114
color of, 107, 113
colostrum, 107
feeding with cup, 119
increasing supply of, 114
removing by hand, 112
removing with warm bottle method, 113
signs baby has enough, 114
stopping flow using medicine, 471
storing, 113

Breasts
cancer, 129, 207, 382–383
changes during puberty, 54
death of baby and, 99
discharge from nipple, 382
grounded (mastitis), 116, 382
exams, 159, 162
illustrated, 45
lumps, 116, 129, 162, 382
overview, 45
painful or swollen, 116–117
(Also see Nipples)

Breathing
baby not breathing at birth, 94
fast, 531
after taking medicines, 479
in newborn, 95
pneumonia and, 304
small and, 254
normal, 531
respiration (breathing rate), 531
shortness of breath, 172, 210, 402
slow, 531
smoke and health problems, 394
stress and, 421

Breech baby, 75, 77, 90–91

Bromocriptine, 471

Brown waters during labor, 86

Bumps on genitals, 269
(Also see Growths)

Burns, 538–539
dehydration drink, 540

Buttck, injecting, 544
Cephalosporins, 481
Cereals

for babies, 107, 110

rehydration drink, 540

Cervix
cancer, 377–379, 471
growths, 377

illustrated, 45

inflammation, 377

opening during labor, 79, 81

overview, 45

pelvic exam, 159, 535–538

removal of, 379

visible at vaginal opening, 161

Cesarean section, 38

Chancroid, 271

Check-ups (See Exams)

Chemicals
cancer and, 376

lead poisoning, 403

mental health and, 418

pregnancy and, 68

washer-woman’s hands, 409

in water source, 127, 401

work with, 402–403

Childbirth, 80–94

abortion, 238–259

acupressure massage for, 547

baby early or small, 94

baby in wrong position, 72, 75, 85, 90–91

baby not breathing, 94

bleeding after, 84, 92–93, 97, 362, 483, 547

bleeding before, 85

breach birth, 90–91

caring for baby after, 95

caring for baby at birth, 83

caring for mother after, 95, 96

cervix opens, 81

checking baby’s position, 77, 81

cord around baby’s neck, 89

cord comes out before baby, 88

cutting the cord, 83

danger signs after, 97

danger signs during labor, 85–87

danger signs for baby, 94, 95

daughters unwanted, 7

death of baby, 99

death of mother, 101–103

difficult births, 88–93

eclampsia, 72, 74, 87

fathers, advice for, 100

female genital cutting problems, 464

fever during, 86

further information, 66

of head, 82

health care for mother, 160–161

at health center or hospital, 72

health risks, 3

helping, 79, 81–84

HIV and, 285, 292–293, 520

long labor, 86

medicines for hurrying birth, 471

by operation, 38

placenta, 84, 92–93

positions comfortable for, 81

premature birth, 72, 75, 94

preparing for, 78–79

preventing mother-to-child transmission of HIV during, 520

pushing the baby out, 82

refugees and displaced women, 452

separating partners after, 222

of shoulders, 82, 88

signs that labor is near, 80

stages of labor, 80–84

supplies needed, 78

twins, 72, 89

waters breaking, 81, 85, 86

when breastfeeding another child, 120

when young, 59, 72

women with disabilities and, 72, 145

working for change, 101–103

(Also see Abortion; Family planning; Pregnancy)

Child care cooperatives, 158

Children

abuse and, 317

calcium needs, 168

child care cooperatives, 158

child-spacing, 110, 160

feeding before self, 171

infertility, living with, 236–237

number of, 179

preventing drug and alcohol misuse in, 445

sexual abuse of, 329, 331

violence against women and, 315, 317, 320

waiting to have, 58

women’s health issues and, 12

(Also see Babies; Childbirth; Family planning)

Child-spacing, 110, 160

Chills

after abortion, 256

with IUD, 217

kidney infection and, 367

womb infection and, 97

Chinese acupressure massage, 546–547

Chlamydia

how spread, 189

in babies, 274

preventing, 189–190

signs, 267

treatment, 25, 268

Chlorine bleach, disinfecting solution, 527

Chloroquine, abortion from, 241

Cholera, killing germs, 155

Chores (See Work; Working mothers)

CHWs (See Health workers)

Cigarettes (See Tobacco)

Ciprofloxacin, 496

for chancroid, 271

for diarrhea in persons with HIV, 299

for kidney infection, 368

overview, 481

Circumcised women (See Female genital cutting)

Cleanliness, 150–157

abortion and, 246

bladder infection and, 366

care of baby at birth, 83

community (sanitation), 151–152

diarrhea and, 299

disinfecting equipment and tools, 526–529

during monthly bleeding, 55

during pregnancy, 68

food safety, 156–157

germs, spread of, 150–151

helping at birth, 79

HIV prevention at home, 295

home, 153–157

kidney infection and, 366

for new mother, 96

personal, 154

preventing infection, 525–529

tooth care, 154

washer-woman’s hands, 409

washing your hands, 526

of water, 151, 155, 401

when removing breast milk, 112

for women with disabilities, 142

Cleft lip or palate, in baby, 118

Clindamycin, 496

for bacterial vaginosis, 266

for infection after abortion, 256

Clitoris, 44

(Also see Female genital cutting)

Cloth dressings, disinfecting, 529

Clothing, menopause and, 124

Clotrimazole, for yeast, 266

Cocaine (See Drugs)

Codeine, 497

for burns (pain), 539

for cough, 303

overview, 482

for persons with AIDS, 308

Coffee (See Caffeine)

Coitus interruptus, 222
Cold sores, 305
Colostrum, 107
Colposcopy, 378
Communication
about family planning, 199
about rape, 337, 339
about safer sex, 192–193
about violence against women, 323
gender messages in the media, 195
with parents, 65
Community
changes and mental health, 417
cleanliness (sanitation), 151–152
creating picture of, 428
health projects, 16
low status of women, 7–8, 11
medicine kit, 484
men’s responsibilities, 14
mental health of, 433
preventing HIV, 310
preventing rape, 338–339
safer sex in, 280–281
services for older women, 137
sex workers and, 351
solving health problems, 28–29
values learned from, 56, 139, 182–183
violence against women and, 320, 324
women’s health issues, 13–16
(Also see Gender roles; Support groups; Working for change)
Community Guide to Environmental Health, A, 152, 179
Community health workers (See Health workers)
Condoms, 202–203
after abortion, 250
arguments for using, 189–193
disposing of, 203
effectiveness of, 201
female condoms, 190, 193, 201, 204, 279, 346
importance of using, 60, 61, 128, 189–193, 279
lubricants for, 203
oils and, 128
overview, 202–203
practice putting on, 280
sex workers and, 346, 348
STI prevention, 279
torn or slipped off, 202
using, 190, 193, 202–203
women with disabilities and, 145
working for safer sex, 280–281
(Also see Female condoms)
Cone biopsy, 379
Constipation
during pregnancy, 70
older women’s problems passing stools, 130
removing stool, 372
Contagion
cancer, 376
HIV, 284, 285
infectious diseases, 21
spread of germs, 150–151
tuberculosis (TB), 387, 388
(Also see STIs)
Contour ditches, 177
Contraception (See Family planning)
Contraceptive foam (See Spermicides)
Contractions
birth process, 80
labor too long, 85
stage one of labor, 81
(Also see Childbirth)
Contractures, 143
Cooking
fire safety, 394
food safety, 156–157
haybox cooker, 397
rocket stove, 396–397
smoke and health problems, 394–397
(Also see Cleanliness; Diet)
Cooler for food, 157
Cooperatives, food, 177
Coping skills, 422–423
Copper-T (See IUDs)
Cord
around baby’s neck, 89
care of baby after birth, 95
comes out before baby, 88
cutting baby’s at birth, 83
of placenta, 84
Cotrimoxazole, 497
allergic reaction to, 296, 300
for bladder infection, 368
for diarrhea in persons with HIV, 299
for discharge, 24
for kidney infection, 368
for persons with HIV, 296, 304
for pneumonia, 304
Coughing
from chemicals, 402
by persons with HIV, 303–304
tuberculosis (TB) and, 388, 389
Cough syrup, 303
Counseling, for HIV-positive people, 289
Counting days method of family planning, 219, 221
after abortion, 250
Crafts, health problems, 406
Cramps
acupressure massage for, 546–547
after abortion, 249, 255, 258
in legs during pregnancy, 71
in monthly cycle, 50
Cream, contraceptive (See Spermicides)
Creams
(Also see Medicines)
Creative exercises for support groups, 428
Crops
cash crops, 179
improving nutrition, 176–179
Cryotherapy, 379
Cupboard cooler, 157
Cutting baby’s cord at birth, 83
Cysts
Nabothian, 377
ovaries, 383
(Also see Growths)

D
D&C (dilation and curettage) abortion, 38, 244, 248
Danger signs
abnormal discharge, 265
after abortion, 249, 251, 254, 255, 256, 258
after childbirth, 97
after female genital cutting, 460
allergic reactions, 300, 477
for baby at birth, 94, 95
bladder infection, 367
bladder stones, 369
bleeding from vagina, 359
blood pressure drops suddenly, 532
cancer, 376
cancer of the breast, 382
cancer of the cervix, 377
cancer of the womb, 381
chemicals and health problems, 402
dehydration, 298
depression, 419
diabetes, 174
during labor, 85–87
during pregnancy, 72–73
fast pulse, 531
hepatitis B, 277
high blood pressure, 130
infection after abortion, 255, 256
IUD problems, 217
kidney infection, 367
kidney stones, 369
medicines, allergy to, 477
medicines, taking too much, 479
mental illness (psychosis), 432
miscarriage, 98, 235
pelvic inflammatory disease, 274
from the pill, 210
Danger signs (continued)
pneumonia, 304
polyps, 380
respiration (breathing rate), 531
shock, 254, 461, 545
spoiled foods, 156
syphilis, 270
tetanus, 461
trauma reactions, 420–421
of tuberculosis (TB), 389
unsafe abortion, 241, 246–247
violence against women, 318, 325
withdrawal from alcohol or other
drugs, 441
(Also see Health risks; Solving
health problems; specific signs)

Date rape, 62, 328
avoiding, 330–331

Death
accepting, 137
from AIDS, 309
from alcohol and other drugs, 438
of baby, 99
from cancer, 385
from cancer of the cervix, 379
during pregnancy or childbirth,
101–103
mental health and, 417
Mira’s story, 9–11
pressure sores and, 142
from syphilis, 270
from tuberculosis (TB), 387
from unsafe abortion, 3, 241
(Also see Violence against women)

Debt, poor countries and, 8

Decayed teeth, 154

Dehydration
from burns, 539
rectal fluids, giving, 541
rehydration drink, 540
shock, treating with fluids,
540–541
signs, 298
(Also see Water)

Dementia (mental confusion)
in older women, 135
in persons with AIDS, 308

Dengue fever, spread of, 151

Dependence (See Alcohol; Drugs;
Tobacco)

Depo Provera, 214, 215

Depression
in older women, 135
in people with HIV, 296
signs, 419
suicide, 419, 431
(Also see Feelings)

DES (diethylstilbestrol), cancer
risks from, 471

Desire
lack of, 188
in women for sex, 185

Dexmethasone, 498
for allergic reactions, 483, 545

Diabetes, 174–175
overweight and, 174
the pill and, 209
pregnancy risks, 72
signs, 174
treatment, 175
Type 1 diabetes, 174
Type 2 diabetes, 174–175

Diagnosis (See Danger signs;
Exams and tests; Solving
health problems; specific signs)

Diaphragms
after abortion, 250
effectiveness of, 201
overview, 205
for sex workers, 346
spermicides, 206
using, 205
women with disabilities and, 145

Diarrhea
in babies, 119
pain in belly with fever and, 355
in persons with HIV, 298–299

Diazepam, 498
giving during a seizure, 87

quitting alcohol and, 441
for refugees and displaced women,
449
selecting foods, 157
for sick people, 171
signs of spoiled foods, 156
storing food, 157, 177
vitamins and minerals, 167–170
for weak blood (anemia), 73
weak bones and, 133
(Also see Breastfeeding)

Diethylstilbestrol (DES), cancer
risks from, 471

Digestion, stress and, 421

Dilation and curettage (D&C)
abortion, 38, 244, 248

Diphenhydramine, 499
for allergic reactions, 483, 545

Disabled Village Children, 138, 366

Disabled women (See Women
with disabilities)

Discharge from nipple, 382

Discharge from penis, 267

Discharge from vagina
abnormal, 265–268
bad-smelling after abortion, 256
bad-smelling after childbirth, 97
pelvic inflammatory disease,
274–275

Disease (See Illness; Preventing
illness)

Disinfecting equipment and tools,
526–529
bandages, 529
gloves, 529
high-level disinfection, 526–528
needles, 528
storing tools, 528

Displaced women (See Refugees
and displaced women)

Dizziness
anemia and, 172
from chemicals, 402
during pregnancy, 73
high blood pressure and, 130
from medicines, 479

Domestic workers, 409

Dosages of medicine
measuring, 474–475
(Also see Medicines; specific
medicines)
DOTS treatment for TB, 391
Douching, 154
mucus method of family planning and, 220
by sex workers, 346
STIs and, 279
Doxycycline, 499
for chlamydia or gonorrhea, 268
for infection after abortion, 256, 257
overview, 480
for PID, 275
to prevent infection after abortion, 249
to prevent infection after deinfibulation, 465
to prevent infection after vaginal delivery, 466
for syphilis, 271
for trichomonas, 268
Dress, menopause and, 124
Dressings, disinfecting, 529
Drugs, 434–445
addiction, 437, 441
dependence, 437
during breastfeeding, 109, 438
health problems from, 163, 438
HIV and AIDS and, 291
living with person misusing, 444
mental health and, 418
misuse of, 436–437
overview, 435
staying free of, 442
violence against women and, 318

health problems from, 163
during breastfeeding, 109
for PID, 275
to prevent infection after abortion, 249
to prevent infection after vaginal delivery, 465
to prevent infection after vaginal delivery, 466
for syphilis, 271
for trichomonas, 268
“Dry” sex, 190, 279
Ducts, of breasts, 45
(Also see Fallopian tubes)
Dying (See Death)
Earning a living (See Work; Working mothers)
Ears
acupressure massage, 547
hearing loss in older women, 134
ringing in, 130, 479
Eating (See Diet)
Eclampsia, 59, 72, 74, 87
Ectopic (tubal) pregnancy, 73, 249, 354
Education
about AIDS, 310
about rape, 338
family planning and, 227
in gender roles, 182
health care providers’ responsibilities, 35
helping women help themselves, 30, 31
importance of, 58
for women with disabilities, 140
Efavirenz (EFV), 518–520
Eggs
causes of infertility, 231
release of (ovulation), 47, 49
Elders (See Older men; Older women)
Embroidery, health risks from, 406
Emergency food distribution, 449
Emergency methods of family planning, 226, 523–524
(Also see Abortion)
Emtricitabine (FTC), 518–520
Emotions (See Feelings)
Endometrial cancer, 381
Enema, giving rectal fluids, 381
Endometrial cancer, 381
Engorged breasts (mastitis), 541
Epinephrine, 500
for allergic reactions, 483, 545
pregnancy and, 438
Erection, older men’s difficulties, 128
Ergometrine maleate, 500
for abortion, 471
for bleeding after abortion, 253
for bleeding after birth, 93, 97, 103
hurrying birth, 471
overview, 483
pregnancy and, 438
Ergonovine (See Ergometrine)
Erythromycin, 501
for baby eye care, 78, 83
for breast infection, 117
for chlamydia or gonorrhea, 268
for genital sores, 271
for infection after female genital cutting, 462
overview, 480
to prevent infection after deinfibulation, 465
to prevent infection after vaginal delivery, 465
for trichomonas, 268
for wounds and sores, 307
Estrogen, 501
hormone replacement therapy, 124
life cycle and, 47
(Also see Hormonal methods of family planning; Hormones)
Ethambutol, 501
for tuberculosis, 389
Exams and tests
abdomen exam, 534
blood pressure, 532–533
breast exams, 162
for cancer of the cervix, 378
for fertility, 234
health exams, 159
HIV test, 288, 289, 291, 292, 347
overview, 37
Pap tests, 159, 267, 376
pelvic exam, 159, 535–538
prenatal check-ups, 68, 76–77, 160
pulse, taking, 531
respiration (breathing rate), 531
screening tests, 376, 379
by sex workers, 346
speculum exam, 536
temperature, taking, 530
tuberculosis (TB) test, 389
violence against women and, 325
(Also see Solving health problems)
Excision (See Female genital cutting)
Exercise
during menopause, 124
during pregnancy, 68, 71, 75
HIV and AIDS and, 291
lifting and carrying heavy loads, 398–400
monthly bleeding and, 55
need for, 158
for older women, 126
weak bones and, 133
for women with disabilities, 143
Exercises
angry cat exercise, 71
for baby in wrong position, 75
building inner strength, 423
for healing mental health problems, 427–428
for learning to help, 426
for low-back pain, 71, 400
pelvic tilt exercise, 400
to relax and strengthen back and belly, 400
for relaxation, 427
for sitting or standing long time, 404
squeezing exercise, 130, 131, 371
twist exercise, 400
for women with disabilities, 143
for women with trauma, 430
(Also see Activities)
Expiration date of medicines, 472
Eyes
blurry eyesight, 174
care at birth, 83
chemicals and problems with, 402
chemicals in, 403
damaged, 123
farsighted, 134
glaucoma, 134
infected in newborn, 276
pale eyelids, 172
problems in older women, 134
strain from crafts, 406
yellow, 277
Face
changes during puberty, 54
swollen during labor, 74, 87

Factories
migration for work, 408
unsafe work conditions, 406–407
(Also see Chemicals; Work)

Fainting
after abortion, 258
anemia and, 172
during pregnancy, 73
shock and, 254
(Also see Unconsciousness)

Fallen womb (prolapsed uterus), 131, 161, 398, 534

Fallopian tubes
exam, 538
illustrated, 45
overview, 45
pelvic inflammatory disease (PID), 265, 274–275
scarred or blocked, 231
tubal ligation, 223
tubal pregnancy, 73, 249, 354

Family
feeding before self, 171
help during illness, 37
incest, 63, 329
mothers helping daughters, 65
sexual abuse in, 329, 331
talking with, 65
values learned from, 56
women's health issues, 12
(Also see Fathers; Mothers; Parents; Violence against women)

Family planning, 196–227
abortion, 238–259
after abortion, 250
after death of baby, 99
avoiding pregnancy, 60, 61, 128
barrier methods, 200, 202–206
benefits of, 197–198
breastfeeding as prevention, 96, 201, 218
child-spacing, 110, 160
choosing a method, 200–201, 224–225
choosing to use, 199
effectiveness of methods, 201
emergency methods, 226, 335, 523–524
for fathers, 100
hormonal methods, 128, 145, 200, 207–215
hormones and, 47
infertility and, 231
IUDs, 145, 200, 216–217
natural methods, 200, 218–222
new methods, 224

Fertility
hormones and, 47
how to tell if fertile, 220, 233
(Also see Infertility)

Fertilization, 49

Fertilizers
natural, 177, 178
in water source, 127, 401

Fetoscope, 77

Fever
after abortion, 255–258
after birth, 97
after miscarriage, 98
chancroid and, 271
during labor, 86
during pregnancy, 74
hepatitis B and, 277
with IUD, 217
kidney infection and, 367
in newborn, 95
pain in abdomen with, 355
in persons with HIV, 297
PID and, 274
pneumonia and, 304
syphilis and, 277–278
taking the temperature, 530
womb infection and, 97

Fever blisters, in persons with HIV, 305

Fibroids, 380
heavy monthly bleeding and, 129
infertility and, 231
pain with, 354
and passing urine often, 370
signs, 380
treatment, 380
Fire safety, 394
Fistula, 161, 370–371, 465
Fits (See Seizures)
Flagyl (See Metronidazole)
Flat nipples, 114
Flight (See Refugees and displaced women)
Fluconazole, 502
  for fungal infections, 300
  for thrush, 305
Flukes, blood, 369
Foam birth control, women with disabilities and, 145
Foam, contraceptive (See Spermicides)
Folic acid (folate)
  food sources of, 168
  for weak blood (anemia), 73, 168, 471
Follow-up care, 35
Food cooperatives, 177
Food (See Diet)
Forced sex (See Rape)
Forgetting to take the pill, 211, 212
Forgotten workers, 409
Formula, harmlessness of, 106
Fractions in medicine dosages, 474
Fruits, 166, 170
FTC (See Emtricitabine)
Fuels
  fire safety, 394
  for refugees and displaced women, 450
  (Also see Drugs)
Fungal infections
  in persons with HIV, 300
  (Also see Yeast infections)
Future, planning for, 57
G
Gallstones, overweight and, 174
Gang rape, 329
Garbage, disposing safely, 151
Gardens, improving nutrition, 176–179
Gender roles, 182–185, 194–195
  changing harmful roles, 194–195
  in courtship, 195
  creation of, 182
  defined, 182
  harm caused by, 183
  harmful beliefs, 184–185
  learning of, 182
  in the media, 195
  sexual health and, 184–185
  (Also see Sexual health)
Generic names for medicines, 473
Genital herpes, 272–273
Genital ulcers, 270–273
Genital warts, 269
Gentamicin, 502
  for fever during birth, 86
  for infection after abortion, 256
  for infection after birth, 97
  for kidney infection, 368
  overview, 481
Gentian Violet, 503
  for fungal infections, 300
  for thrush (yeast), 305
  for thrush (yeast) in babies, 117
  for wounds and sores, 307
German measles (see Rubella)
Germs
  food safety, 156–157
  spread of, 150–151
  sunlight and, 153
